

Cross-walk from Behavior Profile(s) to a Results Framework

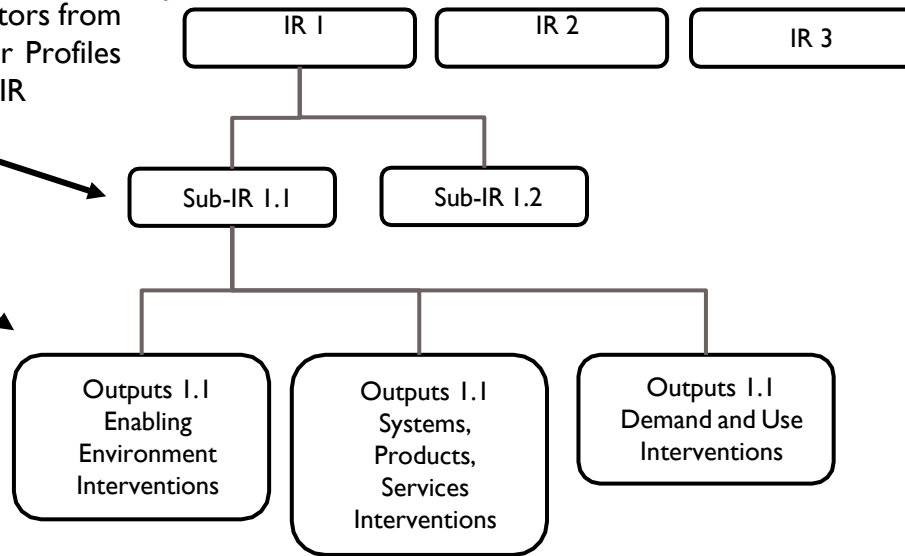

Behavior Profiles

Behaviors:
results = behaviors

Critical factors from all Behavior Profiles under this IR

Illustrative interventions with primary actors and/or supporting actors

Results Framework

Measured using:

+ Behavioral outcomes determined by USAID

+ Factor-level outcomes determined by IP or USAID and IP together

+ Outputs determined by IP

Assess pathways by tracking outputs to factor-level outcomes to behavioral outcomes over time and adapt based on learning
